ARIA 2 RGB

Designed for activities where stealth is key (such as hunting, fishing, and nature watching), the ARIA 2 RGB headlamp provides 450-lumen brightness and a mixed beam for comfortable proximity lighting and movement. Waterproof and easy to use with a single button, it also features red, green, and blue lighting to preserve night vision, facilitate map-reading, help identify animal tracks, and improve visibility in water. ARIA 2 RGB comes with three standard batteries and is also compatible with the CORE rechargeable battery, with its HYBRID CONCEPT design.

Wide, uniform beam so you can comfortably see up-close or at your feet, and mixed beam (flood and focused) providing proximity and distance vision for movement.

Color lighting preserves night vision and stealth, facilitates map-reading, helps identify traces of blood, and improves visibility in water.

Dustproof and waterproof (in 1 meter of water for 30 minutes).

HYBRID CONCEPT design: ARIA 2 RGB comes with three standard batteries and is also compatible with the CORE rechargeable battery.

Short Description

Waterproof, robust, and powerful headlamp with white, red, green, and blue lighting, ideal for exploring nature at night. 450 lumens

Selling Points

- Powerful headlamp ideal for exploring nature at night (hunting, fishing, nature and animal watching) :
 - Flood and mixed beam (flood and focused) for proximity and distance vision
 - Color lighting for different situations: red preserves night vision and provides stealth, green facilitates map-reading and heightens contrast, and blue helps identify traces of blood and improves visibility in water without frightening fish
 - Color lighting is continuous or strobe, according to user needs
 - Dustproof and waterproof (in 1 meter of water for 30 minutes)
 - Lightweight, compact, and bright: 450 lumens and only 106 g
- Easy to use:
 - Single button for quick and easy selection of brightness or light color
 - Three white lighting levels: MAX BURN TIME, STANDARD (better power/burn time balance), and MAX POWER
 - Battery charge indicator shows the battery level each time lamp is turned on or off
 - Plate allows you to easily tilt the lamp up or down
 - Detachable, washable headband
 - LOCK function prevents the lamp from turning on during transit or storage
- Versatile:
 - HYBRID CONCEPT design: ARIA 2 RGB comes with three AAA/LR03 batteries and is also compatible with the CORE rechargeable battery (not included), it automatically detects the energy source and adjusts lighting performance
 - Compatible with the HELMET ADAPT and BIKE ADAPT 2 mounts, so you can mount the lamp on a helmet or a bicycle
