Headband for PANGA® helmet

Replacement headband for PANGA® helmet that optimizes the life of the helmet. The FLIP&FIT system allows the headband to be positioned low on the head, offers a secure fit, and can be easily adjusted by the instructor or participant. The single-size helmet can be adjusted to fit smaller heads and makes equipment management easier. The headband folds away for protection during transport or storage.

Short Description Headband for PANGA® helmet (pack of 5)

Selling Points

- Replacement headband for PANGA® helmet optimizes helmet life
- Easy-to-use headband designed for use with a group:
 - FLIP&FIT system allows the headband to be positioned low on the head, allowing for a more secure fit and allows the headband size to be easily adjusted by an instructor or participant
 - Single size for easy equipment management and lateral adjustment that allows the headband size to be reduced and makes it easier for smaller sizes to keep the helmet centered on the head.
- Excellent durability for easy maintenance: headband folds into the shell for protection during transport or storage
- Sold in packs of five
